

Fermitools License

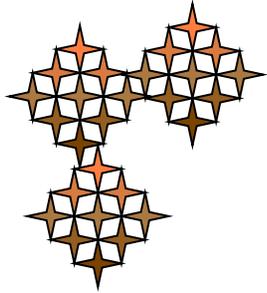

Gabriele Garzoglio
Eileen Berman

In a Nutshell

- Former Fermitools license was a modified BSD license
- Desire developed for a more standard, well understood license
 - Software being distributed more broadly as part of global collaborations
- DOE/Fermilab lawyer has approved Fermitools to use the standard open source BSD license

Using the License

- Use when software shall be used by groups that are not designated as 'Fermilab Users'
- <http://fermitools.fnal.gov/about/terms.html>
- Add to project files
