Mr. Larry Nelson, Controller

Subject: Expression of Interest

Dear Mr. Nelson,

Per your inquiry concerning our interest in working with Tech-X Corporation on your potential SBIR work concerning "Framework for Metric Correlation and Analysis Service." Fermi National Accelerator Laboratory (FNAL) is interested in your work. Assuming that Mission activity levels permit it we would be interested in determining the possibility of doing either a CRADA or a WFO with you concerning this work.

Should you get the SBIR Award we look forward to discussing the possibility of your submission of a CRADA or WFO Proposal to work with Tech-X Corporation.

Sincerely,

Dr. Bruce Chrisman
