

Fermilab Facilities Operations Support Model for the OSG

OSG Provisioning -> Operations
happening now - Dane co-leading..

Need Operations and Support procedures
and agreements in place

Vicky and CD Leaders,

How should we go about developing a facility support center, and building our portion of the distributed OSG operations support ?

Dane

Briefing is to get go ahead in answering the **questionnaires for Fermilab contributed OSG services.**

Questions include: Contact information, level of support, urls for support web pages.

Input

Does not include all separate VO support centers that might emerge e.g. D0, CDF,

- Fermilab Grid Support Center -Mark, Adam
- FermiGrid Support Center - Keith
- US CMS Support Center - Burt
- OSG@CD Services Support - Ruth
